Personal information

Next, you must complete your personal information. You will encounter the word “WAYF”. WAYF means that your personal information has been transferred when you logged in. Once you have answered all the questions that were not automatically filled out through WAYF, click “**Next**”.

Be aware that emails will only be sent to the email connected to your login, and not to the alternative email address that you enter in this section of the application.

Applied education/Course

Here you have to answer, if you have previously been enrolled in the same Master’s degree programme that you are applying to now. If yes, you will have the option to upload an application for exemption.

Furthermore, you must answer where you have heard about Aarhus University.

Once you have answered all the questions, please click “**Next**”.

Requirements and prerequisites

The following page concerns “**Requirements and prerequisites**”, where you must answer questions and upload documentation for your qualifying degree. On our web site you can find a [documentation checklist](#) with more information about what you need to upload.

First, you must answer where your qualifying degree is from.

If the digital application portal automatically collected your transcript, you will be able to see it in one of the fields under “**Requirements and prerequisites**”. If you are a self-registered user, data regarding completed and ongoing education, will not be visible before your user account/identity is validated by the university. The case worker will validate your identity, when your application is being processed.

The last questions in this section concerns previous studies at a Master’s degree level.

Here you have to answer, if you have completed or expect to complete a different Master's degree programme, than the one you are applying to now, before commencement of studies.

You also have to answer if you have completed courses during a Master’s degree that you did not complete.

NB! According to Danish legislation, you are required to document completed courses of any previous unfinished Master's degree programme. This is in order for the university to evaluate the possibility of credit transfer. Please see: [Obligatory credit assessment](#). The credit assessment of courses from an unfinished Master’s degree programme is mandatory, and it is up to the relevant

board of studies to assess, if courses from any unfinished Master's degree programme are relevant. Please make sure to answer yes, and upload documentation for all your courses, if you have an unfinished Master's degree programme.

Please make sure that ALL your documents are uploaded correctly. Once this is completed and you have attached all the relevant documents, click **“Next”**.

Payment of application fee

If you are a citizen of a country outside the EU/EAA, you must pay an application fee, unless you meet one of the exemptions listed [here](#). Please upload the receipt for paid application fee OR documentation for exemption from paying the fee here. If you are required to pay the fee, Aarhus University will not process your application, before the fee is paid. The fee must be paid in Aarhus University's Web shop. You can access the Webshop [here](#).

Show application

On the page called **“Show application”** you will find the information you have entered and the documentation you have uploaded. If you wish to alter your application at this stage, you can use the process line to go back and do so:

Save draft or send application

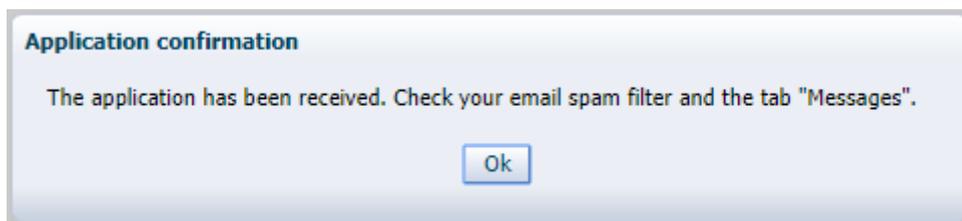

You can choose to save a draft by clicking **“Save draft”** in the lower right corner of the screen. This may be relevant, if you need to upload further documentation. If you want to send your application you can do so by clicking **“Submit application”**.

When you have clicked **“Submit application”** a confirmation message will appear on the screen. Click **“Ok”** to proceed.

Under the tab “**Messages**” you will receive a confirmation letter. You will also receive an email notification in your personal mailbox. Remember to check your spam filter. Good luck with your application!

Important tips

- Please note that it is not possible to navigate back and forth in the application by using “the arrow back and forth” in the browser. Instead you must move back and forth using the process line:

- Throughout the whole application process, it is possible for you to save your application as a draft, as long as you have not sent it. As long as you do not save your application or send it you can press on “**My starting page**” and start over without saving a copy of your application.

- You can get help throughout the application process by clicking the blue question mark on the right hand side of the page:

- Please note that you can apply for one programme at a time. You can reuse documentation from previous applications on the page “Requirements and prerequisites”, by using this function:

More priorities

If you wish to apply for more than one programme you must create an application for each programme. The first application you submit will be registered as your first priority. For each subsequent application you submit, you will have to decide which priority the programme should

have. This means that every time you submit a new application, you can change the priorities of all your applications.

You may apply for up to three different Master's degree programmes at Aarhus University. If you apply for admission to more than three programmes, only the three applications with the highest priorities will be processed. The rest of the applications will be cancelled.

Priority	Education name	Status
1	Østeuropastudier med kandidattilvalg (russisk)	Under treatment
2	Chemistry	Under treatment
3	Economics and Management (Management line)	Received
4	Psykologi (ansøgere med dansk adganggrundlag)	Draft

Applicants for Psychology

If you are applying for admission to the Master's degree programme in Psychology, but do not hold a Danish Bachelor's degree in Psychology, you have to attach a completed equivalence form with related documents. Please find the form [here](#).
